

DUBADOWN

We are Dubadown – a band that consists of eleven people and has been active since 2002. Since we have been playing live a great deal since we first started we have come to be a tight, hard working band that loves to get up on stage. Ever since we first started we have been jamming and writing our own songs. This has resulted in two albums and one demo, which was released as early as 2002. The albums have been highly appreciated by Swedish press and our songs have been played on Swedish radio.

We would like to describe our music as groovy, soul-filled and melodic reggae that is colored by the culture and environment in which we have grown up. On stage we never have a hard time to get the audience to dance and sing along and it all results in live concerts filled with the exchange of positive energy. From the audience to us – from us to the audience.

Our self-titled album "**DUBADOWN**" was recorded in the Rub-a-Dub studios in Stockholm with **Tom "Internal Dread" Hofvander** (who has worked with many big artists such as Robyn, Timbuktu, Papa Dee, Per tjernberg, Goran Kajfes and Desmond Foster) behind the mixing-wheel. The album was released by swedish record label "Get Up" in **June 2004** and it got excellent reviews in Swedish newspapers and magazines.

Our second and latest album "**Killing Us**" was partly recorded in Rub-a-Dub studios, partly in studio Nacksving in Gothenburg. Tom Hofvander did the mixing once again and the result was brilliant! It was released on swedish reggae label "**I-ration**" in 2005 and also got very good reviews in a lot of papers and magazines in Sweden. The music was written out of the inspiration from playing live and has been getting a lot of space on the national radio stations.

DUBADOWN are: **Gustav Nahlin** - drums, **Kalle Ekeroth** – Bass, **Edvin Nahlin** – Keyboards, **Gustaf "The Ape" Moberg** – rhythm guitar, **Karl Krook** – lead guitar, **Vanessa Liftig** – backing vocals, **Elsa Hedberg** – backing vocals, **Felicia Gyllenstig Serrao** – backing vocals, **Johan Asplund** – trumpet, **Anna Roxenholt** – saxophone and **Jonathan Sandberg** – lead vocals.

After more than 70 concerts in Sweden, we feel ready for Europe. And hopefully, Europe will see that we have a lot to offer to people and stages all over the continent.
